The International Academic Publications LLC is an Organization devoted to promoting social, economic, and technical advancements around the world. The International Academic Publications LLC organizes multidisciplinary conferences for academics and professionals in the fields of science, engineering, medicine, management, and education. The collaboration with other companies is primarily based on the relevance, originality, technical soundness, presentation, references, and scientific merit of the Project. All Projects must be well written. Some Projects may be rejected based on the level of language. If the Project is not clear, it cannot be reviewed. The International Academic Publications LLC chair makes the final decision on the acceptance or rejection of the Project.
