Title: Overheat protection for motor crane hoist using internet of things

Dear Author

I am typesetting the paper(s) towards publication for Inderscience Publishers.

Please supply (through this email) the following information marked with an X which is missing from your paper to enable us to begin processing it towards publication.

A completed Copyright form in electronic format is required, from EVERY author. If there is more than one author for a paper each author must sign a separate Inderscience Copyright Agreement Form. It is not acceptable for more than one author to sign on the same agreement form or for one author to sign on behalf of other authors. Please see attached or download from http://www.inderscience.com/www/authoragree.pdf	
Full name and address with email address of each author indicating the corresponding author	
The Tex. file or MS Word file of paper	X
An <u>Abstract</u> (no more than 150 words)	
<u>Keywords</u> (up to 10 words) including words relevant to the title of the paper and the journal title keywords are intended to maximise the online retrieval of your article by putting your chosen keywords into the form most likely to be found when users search for topics.	

<u>Biographical notes</u> of no more than 100 words for each author	
<u>References</u> (using the Harvard short reference system). Change numbered references in text to name-date.	
<u>Figures</u> If any figures appear in colour, please note that they will only appear in colour in the online version but in the printed version they will be in black and white. If the quality of the colour figure supplied is not suitable to be produced in colour, it will only be shown in black and white in the online version. However, if colour is essential to the figure please send a better quality colour image with your proof reply.	

Thank you for your cooperation
Best wishes

Prithi C.
[On behalf of Inderscience Publishers]
