To: Herlawati Herlawati &lt;mrs.herlawati@gmail.com&gt;

Dear Herlawati Herlawati,

We are pleased to inform you that your paper:

PaperID: 230

Title : Knowledge Management System for Supporting the Small Medium Enterprise (UMKM) in Bekasi City

submitted to The Forth International Conference on Informatics and Computing (ICIC 2019) has been ACCEPTED for an oral presentation. We cordially invite you to attend the ICIC 2019 conference in Semarang-Central Java, Indonesia.

It is mandatory to prepare the camera ready paper as per the instructions listed on <http://icic-aptikom.org/> and your paper will not be published unless the following are done:

1. Revise your paper(s) according to the reviewers' comments. The detail reviews are in the bottom of this email.
2. The accepted similarity level is maximum 20% which you may check using Turnitin or other similiar plagiarism check.
3. Format your camera ready paper as per guidelines and follow strickly the A4-IEEE format in pdf file by creating it using IEEE pdf express. (<https://www.pdf-express.org/plus>, Conference ID:47613XP)
4. Upload your camera ready paper according to Easychair by 28 August 2019 (hard deadline)
5. Fully-completed signed IEEE copyright form and send it to [icic4aptikom@gmail.com](mailto:icic4aptikom@gmail.com) with subject: Copyright 2019-your paperID. As well there will be e-Copyright for IEEEExplore publication that will be informed later.
6. Fill in the registration form that can be downloaded from the ICIC website (registration) and send it to [icic4aptikom@gmail.com](mailto:icic4aptikom@gmail.com) including the proof of your payment and proof of membership (e.g. IEEE, Aptikom) and student status when it is relevant with subject: Registration 2019-your paperID.

Please be reminded that the due date for earlybird registration is 30 August 2019. At least one author has to register for the conference.

The conference will take place in Semarang-Central Java Indonesia, from 23-24 October 2019 with optional activities after the conference. As soon as the schedule is completed, it will be posted on the conference website.

All related conference materials can be found at <http://icic-aptikom.org/> Please let us know if you have any queries regarding registration.

We sincerely look forward to welcoming you in Semarang-Central Java, Indonesia in October 2019.

With a warmest regards,  
Media A Ayu, PhD  
Prof. Dr. A. Nizar Hidayanto  
Dr. Suryono  
Chairs of ICIC 2019

----- Overall evaluation -----

SCORE: 0 (borderline paper)

----- TEXT:

Below are my comments on this paper:

1. Please improve your introduction section better. Discuss the states of the art related to your topic, as I believe there are many studies have been performed related to KMS development for SMEs.
2. I suggest the authors reorganizing their paper to demonstrate the contribution of each section. I suggest this paper is reorganized as follows: Introduction, Literature Review, Research Methods, Results and Discussion, Conclusion.
3. In the Research Method, please discuss the key informants to interview, the instruments, and the method for processing the data.
4. The results and discussions are shallow. The authors should discuss their KMS design in detail. For example, what is the knowledge that you want to manage in this system? What are the infrastructure (application, software, people, etc) required to develop this system? Etc. In current form, the information is too little.
5. What are the KM processes that the authors want to implement in this research? I expect the authors also present the screenshots of each KM process.

----- TEXT:

The article seems to be adequate with sufficient research methodology.

Here are some suggestions to the authors to improve the article:

- Authors should elaborate why they chose Amrit Tiwana framework in their works.
- How many phases of the Amrit Tiwana framework that actually being used/implemented in this article? In section II, the authors stated "This study only implemented phase one and two", while in Section III the authors claimed that "The four phases in 10-step roadmap of Amrit Tiwana framework (Fig 1) was successfully implemented". Please elaborate on these.
