Dear Mr. Paduloh Paduloh:

We have reached a decision regarding your submission to International Journal of Supply Chain Management, "UNCERTAINTY MODELS IN REVERSE SUPPLY CHAIN: A REVIEW".

Our decision is to: Accepted with minor revisions.

Congratulations!

Reviewers Comments:

1. "Literature review" will be separated form "Research Methodology" and it will be placed after "introduction".
2. You have to mention all author (s) name, email address in the final manuscript as per journal template as well as the online system.
3. It's highly recommended to avoid old references (particularly before 2010).
4. There is an only one reference from the International Journal of Supply Chain Management (IJSCM), therefore, it's recommended to use a few more references from IJSCM's databases.
5. The contributions of this paper are not clear; therefore, please define clearly the novelties of this paper at "Abstract" and "Conclusion".

Revised final manuscript and journal payment would be submitted on and before December 14, 2019.

Please find the attachment of Acceptance letter and Payment Procedure to transfer 250 USD (excluding transfer fee) as publication fee for the paper through Bank transfer or Western Union/Moneygram.

Looking forward to seeing your further co-operation.
